Back from the Future (page 16)

The editor wishes to thank the directors of Broads Tours for allowing one of its young skippers, Tobi Radcliffe to write his thoughts for the introduction to the History & Heritage pages. The challenge set for Tobi was to go forward 50 years giving his thoughts to what form history and heritage would be envisaged some 50 and 100 years past. In addition his short but informative comments throughout the book, simply emphasises Tobi's knowledge and devotion to Broadland life both past and future ensuring the history and heritage will always be maintained for all to share.
