

ALLCOMERS HANDICAPS

The handicaps given below are representative of those used on various types of water. They have been supplied by the clubs concerned and are subject to adjustment from time to time. In Allcomers races it is recommended that class yachts which do not comply with the rules of their class be penalised 2%; but yachts carrying additional crews should not be penalised if such crews are under the age of 12 years.

RNSYC (Lowestoft), WOBYC, BSC, GYGSC, SFSC, BASC, NPC, CHSC, HBSC and RBSC use Portsmouth Yardstick Tables.

† WOBYC and RNSYC use Squibs PN for other local keel boats.

Additional information, including details of crew, rig and spinnaker, at www.rya.org.uk/racing.

Please note that rya pn numbers were published in 2017.

Numbers in brackets are no longer published by the RYA and have been independently sourced.

For further information on the RYA Portsmouth Yardstick Scheme, go to www.rya.org.uk/racing/pages/portsmouthyardstick.aspx

Waarschip 1/4	Mast head	Fin	Outboard	3 blade	1117

NB all yachts racing with their outboards in a fixed down position or not moving their keels whilst racing will have their handicaps adjusted accordingly. Handicaps with an asterisk (*) are derivatives which have raced during the year. All handicaps are for river racing.

The handicaps shown are for 2013 as that is the last year that NRSC used PNS. NRSC now uses RYA National Handicap for Cruisers (NHC) as RYA no longer supports PNS for cruisers.
