

Broads Guardians – Protecting and Enhancing Broadland

BROADS SOCIETY

The Voice for The Broads

Broads Guardians is a new initiative from the Broads Society, dedicated to preserving Norfolk's iconic landscapes.

This volunteer force works alongside organisations, landowners and authorities to safeguard the Broads' unique environment.

By clearing encroaching scrub and woodland, we help protect the famous reedbeds, restore vital habitats, and support conservation projects that celebrate and sustain this precious heritage.

Join us today – Broadland needs you!

Building on the success of the long-standing *BroadSword* program, ***Broads Guardians*** continues the vital work of preventing self-seeded trees and scrub from overtaking Norfolk's breathtaking vistas.

Get involved. Make a difference. Become a Guardian.
