Skippers needed – paid and volunteers

Paid skippers needed! We have a programme in 2025 to take young people sailing and we need more skippers, particularly for our half-deckers. We pay a day rate for this – and we'll make you plenty of cups of tea! We'll be taking over 400 children out this year and it is good fun. Get in touch if you would like to know more.

We always need volunteer skippers, too, so if you have time to spare and love sailing please get in touch. In return, we try to give you use of the boats at quiet times as a 'thank you'.

Heritage site

Hunter's Yard has been operating since the 1930s and is home to the original fleet. You are welcome to visit at any time. In the summer we have a small museum showing the history of the yard – this is really interesting if you have visitors over from out of county so do bring them along. You can also picnic overlooking the water on a sunny day.

Need some work done?

Need some new decking, planking, a mast or quant? We work on private boats during the summer so get in touch if you need some work done.

Swallows & Amazons

Hunter's is home to a number of boats from the 1970s films of Arthur Ransome's *Swallows & Amazons*, *Coot Club* and *The Big Six*. Most are available for hire and you can take them as a tender, too. *Swallow* is undergoing a major restoration at the yard.

Legacies and Donations

We are hugely fortunate to be remembered in the wills of those who know and love the yard, and to receive donations. This allows us to maintain the boats and the yard and to develop our activities with young people, introducing them to the joys and challenges of sailing. Do get in touch if you are thinking of making a donation.

Friends of Hunter's Fleet

There are over 900 members of the *Friends*. They enjoy special access to the boats, social meet ups, and also help around the yard. If you would like to become a *Friend*, you would be very welcome. Just get in touch.
